## **DETAILED ACTION**

### ***Claim Objections***

Claim 1 are objected to because of the following informalities: claim 1, line 11, "said receiving" fails to recite "said receiving means." Appropriate correction is required.

### ***Claim Rejections - 35 USC § 102***

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1-4 are rejected under 35 U.S.C. 102(b) as being anticipated by U.S. Patent No. 5,997,552 to Person et al. Person discloses as best illustrated in figures 3, 15 and 19B first and second receiving means (first and second cannulated sleeves) 106 (figure 15), first and second ejecting means 116 (figure 19C) and actuating means (figure 3).

### ***Allowable Subject Matter***

Claims 5-18 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.
